Description

Magnetic ID Holders look sharp - enhance your company's professional image!

ID card slides into holder, and two magnets hold it on a shirt or coat pocket. No clip or pin needed, so there's no damage to fabrics!

Millions of our exclusive JAM Magnetic ID Holder have been used by people who prefer not to put a clip or pin on their clothing.

These holders are just like our standard Magnetic Badge Holder except they have cut-outs in the front clear plastic and in the back of the holder. Therefore you can grip and remove your badge more easily for convenient use with card readers.
